

Dear Rob,

Re: Land to rear of 28 Argyle Square London WC1H 8AP

I am responding to the above application on behalf of the Friends of Argyle Square. We have no problem with either the proposed use or height, but we are very disappointed with the poor design of the scheme, and this is reinforced by the inadequate drawings.

This site is situated in an attractive part of the Bloomsbury Conservation Area, and it really deserves something that has been given some thought, and might make a positive contribution to Argyle Walk. This proposal is devoid of any care, being mean spirited both spatially and in terms of detailed design.

We ask you to urge the applicant to try again, do more than the absolute minimum, and they may find it more rewarding in every sense.

Kind Regards,

Bill Reed.
