

To the planning department,

I write in connection with the above planning application. I have seen the plans and know the site very well. I wish to offer my support to the proposal, for the two reasons below:

- Currently the mosque is too small to accommodate large numbers of users to pray (not big enough for the numbers attending)
- An additional fire door at the front will provide the users to exit safely, rather than overcrowding or in case of emergency the users can use both exits.

Many thanks

Cllr Samata Khatoon

I fully support this application as it is necessary to ensure the progress and work of the mosque and its security & to meet the needs of those attending the mosque daily.
