Your comments on the planning application

The proposed alterations are once again not non material .
We believe the proposal is material both in isolation and in conjunction with the previous variation for handrails .
.The proposed decking will abut our property at window level and seriously affect our privacy .
The original permission was for the decking to be at the side of 30 St Marks abutting the gardens of the houses in Gloucester Avenue where ,due to the difference in ground levels there would be no privacy issues .
Instead , the proposed variation changes the position of the decking entirely and has a serious effect on our privacy .
