2014/5962/P	miss s von bismarck	flat 4 30 redington road	16/11/2014 15:58:50	COMMNT	We strongly oppose this as we understand there is a real danger to the structure of the house based on the proposed works to the side of the building. We understand this has been looked into in detail previously with architects of which records are available.
