2014/6243/P	Niki Romanou/Ioli Gavra	Flat 6 113 Canfield Gardens London NW6 3DY	16/11/2014 22:12:22	SUPPRT	I support planning application 2014/6243/P. The extension will not adversely effect us and I feel the extension will blend in well with the surroundings and add to appeal of the building. The surrounding buildings also have extensions of various degrees and there should be no reason to object against this.
