2014/6666/P	Meredith Whitten	Covent Garden Community Association 42 Earlham Street WC2H 9LA	17/11/2014 16:57:30	OBJ	Objection. The CGCA objects to the unsymmetrical stall risers and the installation of metal grilles on only one side at front and side elevation, which is inappropriate in the conservation area. Attached is information from the Seven Dials Renaissance study comments on the shopfront of 38 Monmouth Street, which detail how the shopfront should be improved. This does not include making the building unsymmetrical or installing metal grilles. We also note that the applicant has completed this work, making this a retrospective application.
