ALL DIMENSIONS SHOULD BE CHECKED ON SITE.

DO NOT SCALE FROM THIS DRAWING.

ANY DRAWING ERRORS OR DIVERGENCES SHOULD BE BROUGHT TO THE ATTENTION OF BUILDING DESIGN PARTNERSHIP LTD AT THE ADDRESS SHOWN BELOW.

**NOTES**

- ■ ■ Site Boundary
- 1. Existing trees along School boundary and public footpath retained with new low level understorey planting established with shade loving species.
- 2. North Courtyard Space. A publicly accessible area, this space allows direct links to the lift lobby into the main building.
- 3. Two car park spaces including one accessible bay.
- 4. Lift lobby access to main entrance level.
- 5. Terrace Colonnade. The hard landscaped forecourt to the building, this will be surfaced in natural yorkstone flags, complementing the character of the area and the warmer tones of the building.
- 6. Planted Terraces. A series of terraces of varying depth and width will be planted with native species and wildflowers utilizing the mix established on Hampstead Green. The terraces are not accessible except for two staircases. A 500mm high seating wall runs along the base of the lower terrace opposite the heart of the Green to provide informal public seating.
- 7. Feature steps through the terraces providing access to Terrace Colonnade.
- 8. Existing public footpath. The resurfacing and remedial work at the base of the terraces is subject to further consultation. Hampstead Green.
- 9. Screen Wall to service yard with climber planting at the base.
- 10. Existing London Plane trees retained, new low level understorey planting surround to open up views across from Roslyn Hill. Replacement retaining wall surrounds the trees to maintain levels at the trunk base. Appropriate wayfinding added to this location.
- 11. Timber deck allows for UCL office breakout and activities.
- 12. Grass lawn and new tree planting.
- 13. Grass lawn with replacement memorial tree planting forms the heart of a replacement for Heath Strange Garden.
- 14. Steps and bleachers provide informal seating in the sunniest position overlooking the grass lawn.
- 15. Junction of Rowland Hill Street and Roslyn Hill resurfaced with granite sets to create a unified crossing point that emphasise pedestrian importance.
