

Dear Sirs,

With regards to the above planning application I would like you to register my **objection** to the re positioning of one KX Plus style telephone kiosk for these reasons;

- I have lived in this neighbourhood for 8 years and have seen how telephone kiosks here are used by no one else but drug dealers to call each other to arrange meetings, or use as a meeting point to exchange drugs and money.

- The telephone kiosks are not well maintained, they are full of graffiti and adverts for degrading rent-girls which children should not have to see. The units are in such a dirty condition that no sober person would dare to use them.

- The telephone kiosks are nothing but an eye soar in our community. Remove the telephone kiosks completely to spare our neighbourhood from ASBO that is linked to them.

Kind regards,
Christer

Central St Giles
