

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/6845/P	Jeffrey Gold	Flat 4 21 Pond Street London NW3 2PN	19/11/2014 11:33:36	OBJ	<p>Unfortunately the plans for this Royal Free Hospital development application are not yet available for inspection on your website – they seem to have been omitted - so it is not possible to fully consider the application and formulate comment on it</p> <p>This is therefore a formal objection to the application on the grounds that not all relevant documents are available to the public and interested parties.</p> <p>Please note that it is an interim objection only and that I reserve the right to make further comments and objections at a later stage</p> <p>Please acknowledge and confirm</p> <p>In addition, I suggest that you ensure that all relevant documents are shown as soon as possible. Will you please advise me by email as soon as this is done and full documentation is available for viewing.</p> <p>It is only fair and reasonable that the consultation period currently due to expire on 8th November should be extended so that the full period for lodging objections only commences when all documents are available for viewing. Please treat this as my formal request that this period is so extended.</p> <p>I would appreciate your confirmation by email accordingly.</p>
