Informative(s):

- 1 Reasons for granting permission.

The proposed alterations to the rear boundary wall are considered to be appropriate in terms of location, scale, materials and design for the dwelling house and will not harm the character and appearance of the Harmood Street conservation area. The choice of London stock red brick will match the existing wall and, reconstructed to its original height, the proposed wall is in keeping with its adjacent boundaries.

The proposed works are not considered to have a harmful impact on the amenity of any adjoining occupiers.

No objections have been received. The site's planning history has been taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between
