Dear Madam,

I have just seen the changes proposed at the above, including the proposal to add a large lumpish roof extension where this building abuts 1 Colville Place.

I know the area well having worked in the area for many years, Colville Place is a very charming terrace which I enjoy every time I pass. Number one is a later addition, sensitively done, and its elegance and classical facade would be seriously compromised by the proposed roof extension. This together with rather crude changes proposed for the Colville Place facade of 27-28 would irreplacably damage the setting of this listed building.

I hope the application will be turned down.

Yours faithfully

Marianne Wasser
