My enquiry is

Dear Sir/ Madam

For routine maintenance we would like to undertake work on a willow tree in the shared back garden of 22 - 32 Winscombe Street N19 5DG.

The tree is in the centre of the garden and we would like to reduce it to previous pollard points.

Permission has been given for similar work in previous years, the last being in Jan 2013.

We would be grateful for a response and your agreement as soon as possible to enable us to undertake the work before the spring growth appears.

Yours faithfully

Elizabeth Smith
