The Gates have been design to be fully in keeping with the surrounding balustrading and to be easily removable. The owner of the property installed the gates to safe – guard the right to privacy, safety and to prevent nuisance calling which has been occurring late into the evening due to the sensitive nature of the current occupier of the property. As part of the process a heritage statement is being prepared too accompany the attached application and this will be submitted to the council in due course.

I look forward to receiving your acknowledgment of receipt at your earliest opportunity. Should you have any queries please do not hesitate to contact my office.

Yours faithfully
