Dear Catherine

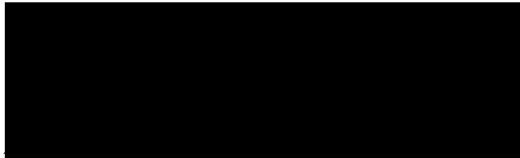

Application Refs: 2014/6272/P and 2014/6589/L
Stables Market, Chalk Farm Rd, NW1 8AH

The Regent's Canal Conservation Area Advisory Committee OBJECTS to these applications.

We consider that the proposals are contrary to Para. 133 of the National Planning Policy Framework and will cause irreversible and substantial damage to the heritage assets without adequate provision of physical, historical or commercial justification for the work.

The proposals, in addition, have details and structural interventions which are unacceptable and unexplained and require further justification.

Yours sincerely

Chairman, The Regent's Canal Conservation Area Advisory Committee
