28 November 2014

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
Flats B&C
54 Belsize Avenue
London London
NW3 4AE

Proposal:
Conversion of ground and first floor flat to a single flat and replacement of windows and doors at rear ground floor level.
Drawing Nos: Site location plan; 1261 AP02; 20571_02_PE 0

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; 1261 AP02; 20571_02_PE 0

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Reasons for granting permission.

Policies DP2 and CS6 of the LDF seek to protect existing housing by resisting development that would involve the net loss of two or more homes. As the proposal would not result in the net loss of residential floorspace and would only involve the loss of one residential unit it is considered to comply with these policies.

The proposed new dwelling would provide a good standard of residential accommodation in terms of layout, room sizes, sunlight, daylight, ventilation and outlook. The proposal is consistent with Policy CS6 and the Residential Development Standards contained in Camden Planning Guidance.

The site has a Public Transport Accessibility Level (PTAL) of 4. Policy DP18 expects development to be car free in the Central London Area, Town Centres,

and other areas within Controlled Parking Zones that area easily accessible by public transport (PTAL of 4 or above). However, given that the number of units will be reduced from two to one it not considered necessary for this development to be car-free.

The proposed new windows/French doors at the rear would be timber framed and of a fairly traditional design and would be installed within the existing window opening, but would see the cil dropped. These alterations would be sympathetic to the overall design and character of the existing building.

No objections have been received prior to making this decision. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS1, CS5 and CS6 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP2, DP5, DP6, DP18, DP19, DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
