

1-11 EUSTON ROAD

BUILDING WORKS AT 1-11 EUSTON ROAD.

Dear Sir/Madam,

I am able to confirm that the scaffolding and building works at this location were delayed by some 3 months due to the original scaffolding being condemned by the health and safety executive so that works could not be carried out. This has put the project back and we anticipate completion around April 2015,

Yours faithfully,

Peter Ghali
