

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/5770/P	Tim Synge	12 Bonny Street	27/11/2014 18:43:20	OBJ	I wish to object to this application to increase the height of this building beyond that originally granted. I understand this application is in fact retrospective and the developer has flouted his original planning permission. The building significantly reduces the daylight amenity of the surround buildings notably No. 3 Bonny Street. The building should be reinstated according to the original height granted.
