2014/6817/TC	Meredith Whitten	Covent Garden Community Association 42 Earlham Street WC2H 9LA	17/11/2014 16:45:14	OBJ	The CGCA objects to the number of tables and chairs, as they impede pedestrian movement. This is made significantly worse by the applicant's disregard for current (and proposed) permission, as the applicant currently uses nine tables and 18 chairs, as well as five wine stands at the end of each table configuration, further extending into the public highway and blocking pedestrian flow. Although Neal's Yard is a pedestrian courtyard, the proposed T&CH layout makes it virtually impossible for pedestrians to pass. The large, stone planter in Neal's Yard that almost touches the tables where the applicant puts three tables deep. Pedestrians still need to be able to pass through Neal's Yard without being restricted. The CGCA also notes that the area includes residential units and those residents should not have their movement restricted by blocking the courtyard with tables and chairs
