2014/6872/P	Jessica Learmond-Criqui	14A Redington Road London NW3 7RG	26/11/2014 23:38:00	OBJNOT	The face of the high street is changing. The number of shops on the high street is decreasing. This is an application which will see the removal of yet another shop from the high street for good. It is well recognised that the high street is the heart of a community. To remain the heart, the high street must exist. The ground floor spaces on high streets are crucial to use as shops which can attract footfall and help other shops in the area. When some shops close and become offices it affects other shops in the area and drags the area downhill. The Hampstead Shops Town Team are working hard to find a solution to the decline of the high street. Please do not give permission to this conversion which will permit the further decline of the high street
2014/6872/P	Umesh Patel	94 Heath Street	27/11/2014 12:10:06	COMMNT	<p>Dear sir or madam,</p> <p>Regarding changing the use of the ground floor and basement from A1 to A2, I object on the basis that Hampstead needs more traditional shops and services. Having yet more professional services such as estate agents is changing the look and feel of Hampstead.</p> <p>The council should be promoting more individual shops and services in the area to enhance the bohemian nature of the area.</p>
