2014/5454/P	Dominic Brett	25 Netherhall Gardens London NW3 5RL	01/12/2014 16:31:16	COMMEM AIL	<p>As a neighbour whose dwelling overlooks this property, I strongly object to the planning application.</p> <p>1) The scale of the redevelopment is likely to entail many months of noise, traffic disruption and dust.</p> <p>2) The proposed extension will bring the property substantially nearer to ours and so compromise privacy.</p> <p>3) It would in all likelihood result in the loss of trees and vegetation, which would further compromise privacy, increase noise from a neighbouring property and detract from the aesthetics of the neighbourhood.</p> <p>4) The dormer roof extension would create a direct line of vision into my property, which I do not want.</p> <p>5) Netherhall Gardens has been the site of a number of large-scale building projects (one of which has just recently got under way). Residents are surely entitled to enjoy some of the peace they sought in buying properties here in the first place.</p>
