Dear Jonathan

Application ref: 2014/6410/P - Bruges Place, Baynes Street, NW1 0TF

Following our discussions concerning the above application, please find enclosed revised elevations removing the proposed re-rendering of the façade of Bruges Place. This amendment is in response to the comments received from the CAAC. The revised elevations also rationalise the position the extract vents, marginally reducing the overall proposed number. The superseded drawings and their replacements are as follows:

Superseded elevations:

- 1338/P/102/4 – S&N Elevation – E&W Block Proposed.
- 1338/P/102/5 – W&E Elevation – W Block Proposed.
- 1338/P/102/6 – W&E Elevation – W Block Proposed.

Revised elevations:

- 1338/P/102/4 REV A – S&N Elevation – E&W Block Proposed.
- 1338/P/102/5 REV A – W&E Elevation – W Block Proposed.
- 1338/P/102/6 REV A – W&E Elevation – W Block Proposed.

Further to this, for completeness, I enclose two colour elevations that replace the two included in appendix 1 of the cover letter with the original planning application submission.
