I support the application (please state reasons below) ☐

I object to the application (please state reasons below) ☐

Your comments

As someone most affected by this application because I am directly overlooked by this building as it exists presently, I would have thought that at least someone from your department would have arranged an appointment to view the situation from my property.

My Balcony is overlooked by what will be these flats and if I cannot use it, please at least tell me what measures will be in place to alleviate this problem. Frosted Glass on the landing windows? is not much to ask. Please contact me before work starts again. The gutting out of the building has already caused disruption

Please continue on extra sheets if you wish
