Subject: RE: phone box 75 Hampstead High Street 2014/6251/NEW

Hello Rachel

We have just spoken and I am confirming your queries as follows;

- 1) The seat is fixed to the independent pod slid into the kiosk as my drawings indicate. Nothing is fixed to the Listed kiosks.
- 2) Non applicable
- 3) The new glazing details submitted are fixed within the existing glazing beads. If they cannot be removed and refitted in satisfactory condition, then BT have substantial stock of original beading and other parts. The completed refurbishment changes nothing of the structural fabric.
- 4) The beading is carefully removed and the glass removed, as currently occurs with the frequent repairs carried out by BT. The new vandal proof glazing panels as specified, are then inserted and the glazing beads refitted to precisely match existing. The whole Kiosk is then refurbished and painted to approved specification and colour.

I trust that this answers your queries, but I can be contacted on [REDACTED] if you wish to discuss directly.

Kind regards

Mies

Subject: phone box 75 Hampstead High Street 2014/6251/NEW

Hi Mies,

I have received your application for change of use at the phonebox outside 75 Hampstead High Street.

As the phone box is grade II listed, please could you provide the following additional information:

- 1) Detailed drawings showing how the seat will be fixed to

file:///C:/Users/svctrim/AppData/Local/Hewlett-Packard/HP%20TRIM/TEMP/HPTR... 05/12/2014

the inside of door

- 2) Detailed section of door showing seat attached
- 3) Detailed section of glazing as existing and proposed
- 4) Method statement to demonstrate how glazing will be changed.

Please can you provide this information by 20th October.

If you have any questions please do not hesitate to contact me.

Regards,

Rachel
