Dear Ms Pound,

Koko - 1A Camden High Street NW1 7JE

I enclose a copy of our drawings showing our proposals for an artists relaxation and smoking area, in an open yard area within our property.

This is a grade II listed building and falls into the category of "listed building consent for alterations". However we were not able to download an application form from your website, so we have completed a similar form a different area, we hope this still meets will your approval.

Could you please respond, indicating that this application form is valid and listing any further information your require in order to proceed with this application

Kind regards

Ric Rycroft
