

Dear Gerry,  
Thank you for your call and advice today, it was very helpful.  
This email is to confirm that I am more than happy to go forward with a 30% crown reduction on the lime tree in my garden. Please would you allow me to do this.  
Lastly in the morning I will speak with Graham and make sure if any soil has been put on top of the slope where the boundary is that he removes this.  
Thank you again  
Kind regards  
Ramona
