Dear Sir/Madam,

**11A SHARPLESHALL STREET AND 10 EGLON MEWS, NW1 8YN
APPLICATION FOR INSTALLATION OF SATELLITE DISH**

On behalf of our client, Fairfax Partners Ltd, we hereby submit a planning application for the installation of a satellite dish at 11a Sharpleshall Street and 10 Elgon Mews, NW1 8YN ('the Site'). The Site is currently under construction to provide a residential and commercial development originally consented in August 2011 (ref. 2010/6171/P).

As detailed within the accompanying design information, the proposed satellite dish will be located on the residential building. It is minor in scale and appearance. It will be installed in a location that is visually non-intrusive and predominantly masked by other features on the roof including the existing roof parapet and the boiler flues. The proposal is therefore considered acceptable and in accordance with the relevant planning policies.

Submission Documents

Accordingly the following information has been submitted to support the application:

- Completed application forms
- Red Line Location Plan
- Satellite Dish Location Plan

The application has been submitted via the planning portal, a cheque for £195 in payment of the application has been issued separately in the post.

We trust that the enclosed information is sufficient to allow the application to be registered. We look forward to receiving confirmation of receipt and validation. If you require any further information, please don't hesitate to contact Harry Manley of this office.

Yours faithfully

A handwritten signature in black ink, appearing to read 'DP9 Ltd'.
