

Re the following applications Bartholomew estate and Kentish Town CAAC have considered and make the following comments:-

2014/6620/P Kentish Town Underground Station We object to the loss of the Fruit Bowl which will result if this application is accepted, as the Fruit Bowl is an important local amenity. We do not think a takeaway restaurant on the ground floor level is appropriate as this is too close to both the station exit/entrance and bus stop, which will cause overcrowding on the pavement.

2014/7072/P A there is a mistake re the date of response in this application. We strongly object to the proposed banners would be clearly visible from the CAAC at numerous points. We consider these are not in keeping with the surrounding area and are an eyesore to the surrounding CAAC area which will harm the view from the CAAC area.

We would also like to point out no 66 Falkland Road has for some time been displaying anti-Israel banners on its exterior, we can find no application for permission to display these and feel that they do not enhance the area and should be removed.

Celia Goreham on behalf of Kentish Town and Bartholomew Estate CAAC
