19 December 2014

Dear Mr McDougall

13 GLOUCESTER GATE MEWS LONDON NW1 4AD

Application ref. 2014/6931/L

Thank you for consulting English Heritage on the listed building consent application relating to the above site.

There appears to be some confusion over the status of this building. Our system show that the building is **not** a listed building - confirmed by our Designation department - and therefore we would suggest that listed building consent is not required for these works.

We would be grateful if Camden could confirm whether it considers the building to be listed individually or whether it is considered to be listed as a curtilage structure. If the latter, then we would advise that the current application for listed building consent is determined in accordance with your local conservation expertise and local and national planning policies.

I look forward to hearing from you.

Yours sincerely

Tom Nancollas

Business Officer
