2014/6903/P	Sonia Corral	Isokon Flats Lawn Rd NW3 2xd	22/12/2014 09:51:32	OBJ	I want to OBJECT to this application on the grounds that the proposed building is far too big for the space: it will be an eyesore, will crowd us all in, it wil take all the light in an area that is already very unfriendly with traffic and noise. WE NEED GREEN SPACES with small, one or two storey buildings AT MOST.
2014/6903/P	keith sedgwick	54 wellesley road london nw5 4pn	20/12/2014 01:10:43	SUPC	I would like to see more than one three bedroom, shared-ownership, property in this development, which is similar in scale to 52 Prince of Wales road and which has only one such unit.  Over the next ten year, there are only thirty three bedroom shared ownership properties in the pipeline, for the whole botough.
2014/6903/P	Sonia Corral	Isokon Flats Lawn Rd NW3 2xd	22/12/2014 09:51:15	OBJ	I want to OBJECT to this application on the grounds that the proposed building is far too big for the space: it will be an eyesore, will crowd us all in, it wil take all the light in an area that is already very unfriendly with traffic and noise. WE NEED GREEN SPACES with small, one or two storey buildings AT MOST.
2014/6903/P	Tony Cline	105 Constantine Road London NW32LR	25/12/2014 17:18:15	COMMNT	Ensure maximum possible number of homes at genuine social rent prices are included as a condition of planning approval.
2014/6903/P	Keith Price	34 Cressy Road	21/12/2014 12:33:09	COMMNT	I would request please that extra time be given for comments on this application. It is unfortunate that it has been filed at the beginning of the holiday period when many people are preparing for Christmas and the New Year. Clearly the large scale of this development requires considered opinions from local people and the distraction of the holiday period makes it virtually impossible for this to happen. I note also that the earlier consultation and exhibition of the proposed development at the Old Town Hall over a single weekend was conducted during the summer holiday period. Again not a particularly convent time to allow for proper consultation of a proposal likely to generate some divergent views! I look forward to being able to file my comments on this application when I have had an opportunity to discuss it with my neighbours. Hence my request please for an extension to your timetable.  Thank you
2014/6903/P	Diana Minler	Isokon Flats Lawn Rd NW3 2xd	22/12/2014 09:52:22	OBJ	I want to OBJECT to this application on the grounds that the proposed building is far too big for the space: it will be an eyesore, will crowd us all in, it wil take all the light in an area that is already very unfriendly with traffic and noise.
