Your comments on the planning application

As a resident at 83 Fordwych Road for over 30 years I have an investment, both personal and financial, in this Borough and in my property. The proposal for a single story rear extension is not in keeping with the character of the road. The design, size, and height of the proposed extension will seriously impact on the light in my garden as well as in the room facing the garden. The proposal is somewhere in the region of 9 metres in length. We have not been formally served with any applications thus far. Our property has been underpinned at great expense and the addition of further stress to the party wall, again no notification has been given

that such works are to be carried out (when has the consultation period come and gone?), and a letter has been sent from our solicitor that monetary compensation will be sought should structural damage occur to the property at 83 Fordwych Road. Again I stress that our privacy (who is to say that a roof terrace that will look into our 1st floor bedroom window will not be next?), our right to light, and not to mention security will be negatively impacted.
