2014/7257/P	Barbara Romito	18 Conway Street London W1T &BE	29/12/2014 13:05:52	COMMNT	As the application is for change to existing equipment, which I believe to not having full planning permission, I would ask that the application be viewed in light of the disturbance of both noise and odour to the tavern's neighbours and the previous lack of suitable clarity of application and actual . works carried out. This has been an on-going disturbance for the past 13 years that I have been resident and I do not feel that piecemeal application/permission will resolve the problems we continue to have. I am in complete agreement with my next door neighbour, Aimery de Malet Rocqueforte
