2014/7302/P	Hussein Nasser	233 Goldhurst Terrace NW6 3EP	19/12/2014 02:49:46	COMMNT	<p>We would have issues as to the aesthetics of removing the chimney given it's currently symmetrical with the house next door but with its removal will not look nice.</p> <p>Also, we would have concerns about the aesthetics of the front of the house with a roof extension to the side.</p> <p>Given the scale of the work we would also need to know the length of time the works would carry on and what sort of noise we can expect.</p> <p>I also want to know more about the two storey extension and what that means for my garden as I am adjacent to them.</p>
