2014/7624/T	Nial Fernando	50 Hillfield Road	30/12/2014 17:49:17	COMMNT	There are two trees and although one overhangs the road, I can see why the offending tree cannot be pruned in order that the overhang on the road is eliminated. Why are two trees majestic trees being removed when there are alternatives? Please re-consider options.
