Dear Jonathan

I write in relation to the above Planning Application for a new residential development at 32 Lawn Road. I live and work locally and have taken an interest in the proposals. In its recently revised form and with the local landscape improvements that have been offered, I support the application for development provided the points raised in the Palgrave House Tenants & Residents Association letter of 19th December are fully taken on board by the developer and will be implemented by them as part of the works.

Yours sincerely
Robert Dye
