

Attached, Semi-Detached, & Detached

**South Hill Park Conservation Area: Part Plan Showing Areas Adjacent to 15a Parliament Hill**  
Paired, semi-detached houses are shown in shaded in grey. All other groups of houses and buildings are shown in blue. In general the houses to the west of the conservation area are more closely grouped and more dense. The massing of the proposed new semi-detached house at 15a Parliament Hill fits into the existing pattern in the conservation area.
