Drawing Nos: Site Location Plan; 3662/1; 3662/2.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The design and materials of all elevations, including the brickwork and fenestration, shall replicate those of the adjacent building at no.65, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies S1 and B1 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 3 All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage to the satisfaction of the Council. Details shall be submitted to and approved by the Council before works commence on site to demonstrate how trees to be retained shall be protected during construction work: such details shall follow guidelines and standards set out in BS5837:2005 "Trees in Relation to Construction

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policies N7 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 4 Details demonstrating that the residential dwelling hereby approved will be provided to appropriate "Lifetime Homes" standards, shall be submitted to and approved by the Council, and the building shall be implemented in accordance with the approved details before the first occupation of the new dwelling.

Reason: To ensure satisfactory provision is made within the development to ensure the house will be suitable/adaptable for its occupiers over time, taking account of their changing physical abilities, in accordance with policy H7 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 5 Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development Order) 1995 or any Order revoking and re-enacting that Order, no development within Part 1 (Classes A-H) and Part 2 (Classes A-C) of Schedule 2 of that Order shall be carried out without the grant of planning permission having first been obtained from the Council.

Reason: To safeguard the visual amenities of the area and to prevent over development of the site by controlling proposed extensions and alterations in order to ensure compliance with the requirements of policies S1/ S2, B1 and SD6 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 6 The development shall not be occupied until the whole of the car parking provision shown on the approved drawings is provided. Thereafter the whole of the car parking provision shall be retained and used for no purpose other than for the parking of vehicles of the occupiers and users of the development.

Reason: To ensure that the use of the premises does not add to parking pressures in surrounding streets which would be contrary to policies SD6 and T7 of the London Borough of Camden Replacement Unitary Development Plan 2006.
