2014/6903/P	mustaq miah	86 upper park road nw3 2uj	05/01/2015 16:58:01	OBJ	<p>I categorically object to the proposed planning application. This building is directly opposite my home and will tower over my home. i will lose sunlight, daylight and will be effected with the 3 year demolition and construction period. there will be considerable noise pollution and me and my families quality of life will be affected drastically. the current plans show balconies that will be able to look into my garden and living space as the proximity is so close to my house. there will also be massive increase in the local population, putting strain on the local school places, GP's and hospital. This proposed build is simply too big and high and the development team have failed to take any of my points into consideration when making the designs even though i have been to every consultation meeting. they are ignoring the views of local residents and are planning ahead anyways. as a resident of 23 years, please reject this application.</p>
