Your ref: 2012/4628/P

Dear Sir

**Site at Hawley Wharf, Land bounded by Chalk Farm Road, Castlehaven Road, Hawley Road, Kentish Town Road and Regents Canal, London, NW1
Discharge of Condition 56 (Planning Permission 2012/4628/P)**

We write on behalf of our client, Stanley Sidings Limited, enclosing an application for the discharge of condition 56 attached to planning permission 2012/4628/P.

Condition 56

No development (save for the demolition of 9–11 Hawley Road and any works to facilitate or in consequence of the delivery of the school on Site B, including the bricking up or knocking through of railway arches and any temporary works and arrangements) shall commence until impact studies of the existing water supply infrastructure have been submitted to, and approved in writing by, the local planning authority in consultation with Thames Water. The studies should determine the magnitude of any new additional capacity required in the system and a suitable connection point.

Accordingly, we enclose the following documents submitted via Planning Portal:

- Completed application forms; and
- Impact studies on existing water supply infrastructure prepared by Hoare Lea, dated 09/12/2014.

We look forward to hearing from you shortly. In the meantime, if you have any questions, please do not hesitate to contact either Natalie Davies or Hannah Bryant, of this office.

Yours faithfully

Gerald Eve LLP
