Planning Application:127 Kentish Town Road, NW1 8PB  
Planning application ref no: 2014/7670/P

Dear Alex McDougall

I am writing to object to the application to erect a single storey second floor roof extension on this building.

There was an application about nine months ago to erect a single storey second floor roof extension on the group of 5 buildings; this group includes no.127. This application made sense because it was for the additional storeys to be erected all at the same time – therefore making architectural sense. However, I do oppose this piecemeal application to increase the height of just one of these houses.

I am therefore trusting you will refuse this application.

If officers recommend approval of this application, could it please go before the Development Committee.

Yours sincerely,

Brenda Gardner

First floor flat
