Your comments on the planning application

I am writing to object to the plans for La Swap Sixth Form building along Highgate Road NW5

We came to live here in 1970. Until Parliament Hill School applied for permission to tarmac over the adjoining area of greenery to make a car park in the school grounds, the School buildings were relatively inconspicuous from Grove Terrace. Although some trees were planted to replace the trees which were cut down, they have a long way to grow before restoring the view of the School from Grove Terrace to how it was.

Now it is proposed to cut down more trees further along from the car park in order to put up the one storey La Swap building.

This green streetscape has been radically altered over the last 45 years and the La Swap building if built along the Highgate Road will further erode the character of this area.
