Dear Mr Freaney,

Re Mrs Delia Brennan: re proposed plans for 23 Marquis Road

Further to our telephone conversation of today. I am writing regarding the concerns expressed by Mrs Brennan to the work being carried out on the above house.

She is most concerned that the wall in question is going to overshadow her house blocking out her sunlight. She is also concerned about the use they are making of the party wall. She has not been re-assured in any way and if her fears are realised then the impact on her life will be horrendous. She is an elderly lady and is obviously very worried and concerned. Full details of what the plans are should be made available to her so that she can be assured that the planning laws are being adhered to and what is planned will not impact on her property either financially and environmentally.

She tells me she has raised these concerns many times with the Council but feels she is not being listened to. I would be grateful if you would look into this matter for me as a matter of urgency.

Yours faithfully,
