The Council has considered your application and decided to **refuse** listed building consent for the following reason(s):

#### Reason(s) for Refusal

- 1 The proposed increased in height of the parapet and installation of glazed screen at second floor rear level, by virtue of the form, design and prominent position, would detract from the external appearance of the listed building to the detriment of its special character and architectural interest contrary to policy CS14 (Promoting high quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core Strategy and to policy DP25 (Conserving Camden's

heritage) of the London Borough of Camden Local Development Framework  
Development Policies.
