2014/7261/L	Mr Ray Massey	Flat 4 1 Holly Terrace Highgate West Hill London N6 6LX	16/01/2015 08:19:09	OBJ	<p>-Holly Terrace is Grade II Listed (1954) The Gas Meter has been positioned unlawfully and in breach of English Heritage guidelines.</p> <p>-The Gas Meter in plastic cabinet is affixed in a traditional York Stone courtyard approximately 2 feet from the pavement in full pedestrian view.</p> <p>-The Gas Meter and its plastic cabinet are inappropriately sited and to the detriment of the appearance of this fine Georgian terrace.</p> <p>-All Gas meters of the flats at 1 Holly Terrace were sited inside the apartments at the time of the original lawful conversion of 1 Holly Terrace to flats.</p> <p>-Apparently, the offending Gas Meter was re-sited on the outside of the building several years ago by a "hit and run" developer.</p> <p>- Walking around the whole of Holly Terrace, I can see no other gas meters, or other such apparatus. Authorising this application will create precedent.</p> <p>- Flat 1 is currently unoccupied presenting opportunity to return the building to its lawful state with minimum disruption to the owner.</p>
