Your comments on the planning application

Dear Camden Council,

The Black Cap's has been an iconic venue for the LGBT community for many decades, these proposals will severely impact on the venue's ability to achieve a critical-mass of patrons to remain viable in the long run, with the current owners, and as a business venture for any future owners.

Removing the 1st floor bar and outdoor terrace area (along with floorspace on the ground floor) would severely diminish the venue's appeal, and thereby threaten it's commerical

Planning Application Details

viability due to the reduced patrons (as there will therefore only be 1 bar, and the venue will only be able to have half the capacity).

If the venue starts to become less financially viable, the current owners will be pressured to charge higher entry fees, increase bar prices, and reduce the locally-famous drag queen shows.

This will culminate in the gradual demise and possible closure of what is a renowned community support for the LGBT community in not just North London, but all of London.

I urge you to reject this planning proposal (2014/2176/P), so that the venue maintains its current patron capacity, thereby more effectively serving as a hub for LGBT community, whom have no other such dedicated venue in all of North London.

Kind regards,
Chris
