#### Informative(s):

- 1 Reasons for granting listed building consent.

The proposed boundary wall is subordinate in scale and location to the host building and an appropriate design by virtue of dimensions, design and materials, which ensure that the character and appearance of the conservation area and listed building is preserved. Due to its size and location, it would not significantly harm the amenity of any adjoining residential occupiers in terms of loss of light, outlook or enclosure.

Whilst the development will have some impact in terms of reducing the size of a characteristically long garden, such a proposal in this location is not considered harmful to the character or appearance of the host building, street scene or the Hampstead Conservation Area due to its limited visibility and the existing precedents in similar neighbouring properties.

No objections have been received. The sites planning history and relevant appeal decisions were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses. Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 (LB's) and s.72 (CA's) of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development

also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 66 and 126-141 of the National Planning Policy Framework.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Argyle Street, WC1H 8EQ (Tel.
