14 January 2015

Dear Sirs,

**Property: 75 Sumatra Road, London NW6 1PT**  
**Application Ref: 2014/7883/P**

I am the home owner of 73 Sumatra Road, London NW6 1PT.

I write this letter in support of the above planning application and confirm I have no objections to the proposed works.

Subject to receipt of planning consent (an application for which I will shortly be submitting), I also propose to erect a single storey side/rear infill extension at ground floor level. My architect (Helen Bowers) has been liaising with Mr & Mrs Trompeter's architect (Russell Hunt) with regard to the details of the proposed new party wall our extensions will hopefully share. As I have already had significant consultation with my neighbour on this matter in order to ensure we develop complementary proposals, I am satisfied the proposed work described on the above application will in no way affect my continued amenity.

Should you have any queries, please do not hesitate to contact me on [REDACTED] or at the above postal address.

Yours faithfully,

[REDACTED]

Daniel Grabiner
