Name DR MARY T. PICKERSGILL

Address 65 UPPER PARK ROAD, NW3 2UL

Email address [REDACTED]

Telephone number [REDACTED]

Planning application number 2014/6903/P

Planning application address 32 LAWN ROAD, NW3 2XU

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

- 1) The design is acceptable but in conjunction with the adjacent high rise blocks will result in an unacceptable density in a small area, involving loss of daylight & privacy of neighbours.
 - 2) I believe no parking is allocated, in a bid to restrict the number of cars in the area. This never works! as with the Isokon/Lawn Road Flats, occupants seem to acquire a means of qualifying for residents' permits. There is already a scramble for parking in the nearby roads.
 - 3) The laundrette's mosaic needs to have a clearly designated space, visible from the road, which is not the case. Many representations have been made about this. For want of better, I suggest the sidewalk of 71, Upper Park Road facing onto Garnett Road, where it could be put well above street level, and be readily visible. The occupants of No. 71 have approved this proposal!
