

6 STREATLEY PLACE APPLICATION NO.2014/7778/P

OBJECTION from THE HEATH AND HAMPSTEAD SOCIETY

We have been informed that many neighbours object to this application.

We also wish to object for the following reasons.

- 1) The roof terrace will cause serious overlooking to the adjacent gardens and windows and should be omitted.
Sight screens to prevent over-looking should not be considered as they would add height to the building.
- 2) In order to reduce over -shadowing the building should be only have 2 storeys, omitting the curious structure at 3rd floor level.
