Telephone number [REDACTED]  
Planning application number 2014/7720/P  
Planning application address 16-28 Lower Merton Rise London NW33SP  
I support the application (please state reasons below)   
I object to the application (please state reasons below)

Your comments

We are opposite to these houses where the construction of another floor is applied for.  
We object to it, <sup>as</sup> all our natural light and sunlight will be lost. We hardly get any light and now with higher additional floor on the roof it will block all light.  
Also it will ruin the layout of the whole street making it more busy and noisy.  
We object to this construction and hope that it will not be allowed.  
Thank You.
