2014/6925/P	Chris Robinson	13B Oseney Crescent NW5 2AT	26/01/2015 08:30:55	COMMNT	I am the owner of Flat B, raised ground floor flat above Flat A with direct access to garden shared with Flat A. I do not object to a partial demolition of the elevation at the lower ground level as long as it is the only alteration made to the garden. I would like to know how this affects my ownership / access of the whole garden before consenting to the works.
